From Academic Press : Aging: Oxidative Stress and Dietary Antioxidants learn how you can prevent and reverse the oxidative stress that causes premature aging using antioxidants antioxidants and free radicals antioxidants are intimately involved in the prevention of cellular damage the common pathway for cancer aging and a variety of Aging: Oxidative Stress and Dietary Antioxidants:

Aging Oxidative Stress and Dietary Antioxidants bridges the trans disciplinary divide and covers in a single volume the science of oxidative stress in aging and the potentially therapeutic use of natural antioxidants in the diet or food matrix The processes within the science of oxidative stress are described in concert with other processes such as apoptosis cell signaling and receptor mediated responses This approach recognizes that diseases are often mu
