By Christopher Wills : Yellow Fever, Black Goddess: The Coevolution Of People And Plagues (Helix Book)

Yellow Fever, Black Goddess: The Coevolution Of People And Plagues (Helix Book):

0 of 1 review helpful Great buy By udeebie I needed this book for class and of course comes to the rescue with exactly what I need at nearly no cost to me It was shipped in a timely manner and it s been a great read so far I m using this book for a required public health course on the history of public health So while it is required this book is very much a great compliment to what I m learning 0 of 1 review he In this remarkable account evolutionary biologist Christopher Wills takes us on a voyage of discovery through the exotic pasts of the viruses and bacteria that periodically emerge with such disastrous results for our species It is our knowledge of their secret lives the eons spent quietly passing in and out of myriad other life forms mutating and coadapting that gives us hope of taming them By putting these organisms mdash from bubonic plague to Ebola mdash at From Publishers Weekly Wills combines a vivid gripping history of the impact of diseases upon civilization with a sobering survey of current plagues such as AIDS and resurgent tuberculosis He examines bubonic plague in the Byzantine Empire which reemerged eig
