0 of 0 review helpful Great addition to Reichian library By Elizabeth Medina I am reading this slowly and there are

uber scientific articles but I am fascinated by the ones on better caring for babies and mothers in childbirth Very well written A very profound look into the origins of human violence that tends to prove that violence only arose later than we are made to believe 1 of 2 review helpful A compendium of 30 different research articles by an international group of 18 different scientists and scholars validating and expanding upon the subject of Wilhelm Reich s amazing discoveries and related concepts The fifth issue of the ongoing series Pulse of the Planet presents new research in the fields of biogenesis and experimental orgone biophysics with insightful essays and research articles on a truly amazing range of subjects On natural childbirth sexua
