By Stanley Jacobson;Elliott M. Marcus : Neuroanatomy for the Neuroscientist by Stanley Jacobson (2008-08-14) background the relative effectiveness of second generation atypical antipsychotic drugs as compared with that of older agents has been incompletely addressed search metadata search full text of books search tv captions search archived web sites advanced search Neuroanatomy for the Neuroscientist by Stanley Jacobson (2008-08-14):

2 of 2 review helpful Best book ever By H Kenkel This book is a must for anyone who is studying in depth neuroanatomy The use of landmarks in the narrative has helped understand the location much better than books with diagrams have It is also great at explaining what the different areas do I would highly recommend this book
